Date: 8/7/25

Location: 1143 E Norton Ave

I was dispatched to the listed location in reference to a harassment report. The caller, Albert Watson, reported his daughters ex boyfriend called him saying the FBI was after their family.

I arrived on scene and made contact with Albert and his daughter, Emily Watkins. Emily started off by advising she and her child's father, Andrew Pigors, have been broken up for 2 years. She said she has a PPO in place and only has contact with Andrew to exchange their son. The PPO does not include her family. Albert said that today he received a call from an unknown number and it was Andrew saying the FBI was after Albert's family. Albert said his wife started recording the call shortly after they realized it was Andrew. Albert said on the call, Andrew said there were people following Albert and Emily and "they" were tracking their cars. Albert played me a short snippet of the recording. I immediately heard Andrew is noticeably out of breathe. Albert can be heard asking why Andrew is out of breath and Andrew tells him he is being chased but does not specify by who. I asked Emily if she knows of any mental health problems Andrew has and she said there is a history of drug use. Emily also advised she believes that Andrew is recently homeless.

Albert said they want this incident documented so Emily can go tomorrow to get an Ex Parte order for full custody of her son. Emily said she is supposed to exchange her son with Andrew tomorrow and she does not feel comfortable with Andrew caring for the child. I supplied Albert and Emily with a report number and cleared. The recording of the phone call is attached to this report.

Healthwest referral completed for Andrew.
