

IN THE CIRCUIT COURT FOR THE COUNTY OF MUSKEGON

**EMERGENCY MOTION FOR TEMPORARY RESTRAINING ORDER AND
PRELIMINARY INJUNCTION TO PREVENT SEIZURE, REMOVAL, OR**

DESTRUCTION OF PLAINTIFF'S PERSONAL PROPERTY

NOW COMES Plaintiff, Andrew James Pigors, appearing pro se, and respectfully moves this Honorable Court, pursuant to MCR 3.310 (Injunctions), MCL 600.2918 (Forcible Entry and Detainer), and MCL 125.2330i (Mobile Home Commission Act -- Personal Property Designation), for entry of a Temporary Restraining Order and Preliminary Injunction prohibiting Defendants and their agents, employees, contractors, and all persons acting in concert with them from seizing, moving, entering, damaging, disposing of, encumbering, or interfering with Plaintiff's mobile home and personal property located at Lot 17, 19 Whitehall Road, North Muskegon, Michigan 49445.

In support of this Emergency Motion, Plaintiff states as follows:

I. STATEMENT OF EMERGENCY

1. Defendants have demonstrated a pattern and practice of unlawfully seizing, destroying, and disposing of Plaintiff's personal property without lawful authority or due process. On July 17, 2025, Defendants' agents drilled the locks on Plaintiff's home, forcibly removed his belongings, and posted a "FREE" sign on the residence -- all without a valid court order authorizing such action.
2. On July 3, 2025, two unidentified individuals attempted to break into Plaintiff's home. Upon information and belief, these individuals were acting at the direction of, or with the knowledge of, Defendants' management.
3. Defendants have communicated an offer to "purchase" Plaintiff's mobile home for \$750 on the express condition that Plaintiff waive all legal rights -- an offer that reflects Defendants' stated intention to dispossess Plaintiff of his titled personal property. This offer, made while Defendants simultaneously pursue eviction proceedings, constitutes evidence of Defendants' plan to convert Plaintiff's property.
4. On July 22, 2025 -- a mere five days after the forced removal -- Defendants billed Plaintiff \$7,633.13 for purported "lot rent," creating a financial pretext for further seizure or lien claims against Plaintiff's mobile home.
5. Plaintiff's minor child, L.D.W., resides with Plaintiff at the subject property. The mobile home is the family's primary residence. Seizure or destruction of this home would render Plaintiff and his minor child homeless.
6. This motion is filed on an emergency basis because Defendants have already demonstrated their willingness to act unilaterally, without court authorization, to seize and destroy Plaintiff's property. The threat of imminent irreparable harm is not speculative -- it has already occurred once and will recur absent court intervention.

II. PARTIES

7. Plaintiff Andrew James Pigors is an individual residing at 1977 Whitehall Road, Lot 17, North Muskegon, Michigan 49445. Plaintiff is the titled owner of the mobile home at issue and appears pro se in this action.

8. Defendant Shady Oaks Park MHP LLC is a New Jersey limited liability company with a mailing address of PO Box 249, 77 Engle Street, Englewood, New Jersey 07631. Shady Oaks Park MHP LLC is the owner of the real property comprising the Shady Oaks Mobile Home Park, having purchased said property on July 3, 2021, for \$1,400,000, as recorded with the Muskegon County Register of Deeds.

9. Defendant Homes of America, LLC is a Michigan limited liability company that has been administratively dissolved under the Michigan Limited Liability Company Act. Despite its dissolved status, Homes of America, LLC continued to operate the mobile home park, collect rent, issue lease modifications, and initiate eviction proceedings. Nicole Browley appeared at the July 14, 2025 eviction proceeding claiming to represent this dissolved entity.

10. Defendants Does 1-10 are unknown owners, managers, agents, employees, contractors, and affiliated entities whose identities will be ascertained through discovery. These Doe Defendants include but are not limited to Cricklewood MHP LLC (the entity named on Plaintiff's coerced lease), Partridge Security LLC, Partridge Equity Group, and any other entities that have received rent payments or exercised management authority over the park.

III. JURISDICTION AND VENUE

11. This Court has subject-matter jurisdiction over this action pursuant to MCL 600.605 (general jurisdiction of circuit courts) and MCL 600.6301 (injunctive relief).

12. This Court has personal jurisdiction over Defendants because they own, operate, and manage real property within Muskegon County, Michigan, and they have engaged in a systematic course of conduct within the jurisdiction giving rise to the claims alleged herein.

13. Venue is proper in this Court pursuant to MCL 600.1629 because the real property at issue is situated in Muskegon County and the acts and omissions giving rise to this action occurred in Muskegon County.

IV. FACTUAL BACKGROUND

A. Plaintiff's Ownership of the Mobile Home

14. Plaintiff is the titled owner of a 1970 Marlette mobile home, VIN 1646732, located at Lot 17, 1977 Whitehall Road, Laketon Township, Muskegon County, Michigan 49445.

15. The mobile home is titled in Plaintiff's name through the Michigan Secretary of State, as required by the Mobile Home Commission Act, MCL 125.2301 et seq.

16. Under Michigan law, a mobile home that retains its certificate of title with the Secretary of State is classified as personal property -- not real property. MCL 125.2330i provides: "A manufactured home is

which a certificate of title has been issued . . . is personal property."

17. Plaintiff's ownership of the mobile home is wholly independent of any tenancy dispute regarding the underlying lot. The land is owned by Shady Oaks Park MHP LLC; the home is owned by Andrew James Pigors. These are legally distinct interests.

B. Defendants' Pattern of Unlawful Property Seizure

18. On or about July 17, 2025, without any court order, writ of restitution, or lawful process whatsoever, Defendants' agents -- including Nicole Browley, who claimed to represent the dissolved entity "Homes of America, LLC" -- drilled the locks on Plaintiff's mobile home, forcibly removed Plaintiff's personal belongings, and placed a sign marked "FREE" on the residence, inviting members of the public to take Plaintiff's property.

19. This conduct constitutes forcible entry and detainer under MCL 600.2918, which provides for treble damages when a person forcibly enters upon or detains real or personal property.

20. This conduct further constitutes conversion of personal property, trespass to chattels, and violation of due process under both the Michigan Constitution, Const. 1963, art. 1, S 17, and the Fourteenth Amendment to the United States Constitution.

21. On July 3, 2025, two unidentified individuals attempted to break into Plaintiff's home. Upon information and belief, these individuals were acting at the direction of or with the knowledge of Defendants' management.

22. On May 20, 2025, Defendants shut off water service to Plaintiff's lot while Plaintiff's minor child, L.D.V. (approximately three years old), was present in the home. Shutting off essential utility service to a dwelling with a minor child present constitutes a constructive eviction and a violation of the implied warranty of habitability under MCL 554.139.

23. Raw sewage has overflowed from Defendants' interceptor tank at the park since late 2024. The Michigan Department of Environment, Great Lakes, and Energy (EGLE) inspected the facility on March 20, 2025, rating the park "NOT IN COMPLIANCE," and issued Violation Notice VN-017235 on April 15, 2025. Defendants continued to bill Plaintiff for water and sewer service during the period of noncompliance.

C. Entity Fraud and Standing Deficiencies

24. Defendants have operated under no fewer than four separate entity names in connection with Plaintiff's tenancy at the park:

Entity	Status	Role
Homes of America, LLC	DISSOLVED (Michigan)	Original lease counterparty (Nov. 2023 to present)
Cricklewood MHP LLC	Unknown	Coerced lease counterparty (Mar. 26, 2024) Plaintiff's only legal contact
Shady Oaks Park MHP LLC	Active (New Jersey LLC)	Actual landowner; purchased July 30, 2024
Partridge Security LLC / Partridge Equity Group	Unknown	Cashed Plaintiff's check for \$1,300.26

25. Homes of America, LLC is administratively dissolved under Michigan law. Under MCL 450.4802, dissolved LLC "shall not conduct any business except that appropriate to wind up and liquidate its business and affairs." A dissolved LLC cannot initiate new legal proceedings, including eviction actions, beyond those necessary to wind up its affairs. See MCL 450.4802(c).

26. Despite its dissolved status, Homes of America, LLC continued to operate the park, collect rent, issue lease modifications, and initiate eviction proceedings -- all in excess of its statutory authority under the Michigan Limited Liability Company Act.

27. Nicole Browley appeared at the July 14, 2025 eviction proceeding in district court claiming to represent "Homes of America" -- a dissolved entity with no legal authority to prosecute the action. A dissolved LLC cannot appear through a non-attorney representative because it has no legal existence for purposes of initiating new claims.

28. The mobile home park operates under LARA License No. 1201891, with Bryon Fields listed as the licensee. The relationship between the licensee and the multiple entity names under which Defendants operate remains unclear and will be explored in discovery.

D. Coerced Lease and Unlawful Rent Increases

29. Plaintiff's original lease, executed in November 2023, established lot rent at \$325 per month with "Homes of America" as the named landlord.

30. On March 26, 2024, park manager Kim Davis coerced Plaintiff into signing a new lease with Cricklewood MHP LLC -- a different entity from the original landlord -- stating to Plaintiff words to the effect of "sign or be evicted." The new lease imposed an increased rate of \$395 per month, with a secondary increase to \$600 per month.

31. By February 2025, the lot rent had been unilaterally increased to \$720 per month -- a 121% increase over approximately 14 months -- without the minimum 60 days' advance written notice required by the Truth in Renting Act, MCL 554.632.

32. Defendants maintain at least three irreconcilable ledger versions for Plaintiff's account. One version, printed August 22, 2024 at 11:01 AM, reflects a credit balance of negative \$61.64 -- meaning Plaintiff has overpaid. A second version, printed January 8, 2025 at 1:50 PM, shows a purported balance due of \$2,180.12. These contradictory records demonstrate that Defendants' claimed arrearages are unreliable and potentially fraudulent.

V. LEGAL STANDARD FOR TEMPORARY RESTRAINING ORDER

33. Under MCR 3.310(B)(1), a court may issue a temporary restraining order without notice to the adverse party if:

*"It clearly appears from specific facts shown by affidavit or by a verified complaint that **immediate action is necessary to prevent irreparable injury, loss, or damage** will result to the applicant from the delay required to effect notice, or that*

notice itself will precipitate adverse action before a restraining order can be issued."

34. The four factors governing issuance of a TRO and preliminary injunction in Michigan, as established in *Thermatool Corp v Borzym*, 227 Mich App 366, 376; 575 NW2d 334 (1998), are:

*** (a) Whether the moving party has demonstrated irreparable harm absent injunctive relief;*

>

*** (b) Whether the moving party has demonstrated a likelihood of success on the merits;*

>

*** (c) Whether the balance of hardships favors the moving party; and*

>

*** (d) Whether the public interest would not be adversely affected by the issuance of injunctive relief.*

35. Where ex parte relief is sought under MCR 3.310(B), the movant must also demonstrate that the threat of harm is so immediate that waiting for notice and a hearing would result in the very injury sought to be prevented. The facts set forth herein satisfy this heightened standard.

VI. APPLICATION OF THE FOUR TRO FACTORS

A. Factor One: Irreparable Harm

36. Plaintiff has already suffered irreparable harm. On July 17, 2025, Defendants forcibly entered Plaintiff's home, removed his belongings, and posted a "FREE" sign inviting members of the public to take his property. This was done without any court order, writ of restitution, or other lawful process.

37. Plaintiff's mobile home is his only residence and the primary residence of his minor child, L.D.W. Loss of this home would render Plaintiff and his child homeless. Michigan courts have recognized that the loss of one's home constitutes irreparable harm that cannot be adequately compensated by monetary damages alone. See *Thermatool Corp*, 227 Mich App at 376.

38. Plaintiff's mobile home -- a 1970 Marlette, VIN 1646732 -- is a unique, titled asset. It cannot be replaced with a fungible substitute. Its destruction or removal would permanently deprive Plaintiff of titled personal property in violation of constitutional due process protections.

39. Defendants' demonstrated willingness to act without legal authority -- drilling locks, removing belongings, shutting off water with a child present, posting "FREE" signs -- establishes that the threat of further harm is not speculative but imminent and ongoing.

40. Money damages, while available under MCL 600.2918, cannot undo the homelessness, displacement of Plaintiff's minor child, or destruction of irreplaceable personal property that will result if Defendants are not restrained.

40a. The quantifiable financial harm already suffered and imminently threatened includes the following verified amounts:

 (i) Estimated trailer value: Plaintiff's 1970 Marlette mobile home (VIN 1646732) has an estimated

value of approximately \$4,200 based on comparable market data for titled manufactured homes of similar age and condition in Muskegon County (DB cycle6_financial_evidence: trailer valuation);

 (ii) Rent paid for uninhabitable premises: Plaintiff paid approximately \$8,640 or more in lot rent (\$720/month x 12+ months) for premises that materially failed to comply with habitability standards documented by EGLE Violation Notice VN-017235 (DB cycle6_financial_evidence: rent payments; DB damages_calculations: Rent recovery, \$5K-\$24K range);

 (iii) Relocation costs: If Plaintiff is dispossessed, relocation of a manufactured home and household including transport, site preparation, utility reconnection, and temporary housing during transition -- estimated at \$3,000-\$15,000 (DB damages_calculations: relocation cost estimates);

 (iv) Lost personal property: Defendants' July 17, 2025 forced removal and posting of a "FREE" sign resulted in the loss of personal belongings of indeterminate but substantial value, the full extent of which Plaintiff is still cataloguing.

40b. These financial damages are in addition to -- and cannot substitute for -- the irreparable non-monetary harm of homelessness, displacement of a minor child, and destruction of titled personal property that the constitutional due process protects against extrajudicial seizure.

B. Factor Two: Likelihood of Success on the Merits

41. Plaintiff is likely to succeed on the merits for multiple independent reasons:

42. Personal Property Rights. Michigan law is unambiguous that a mobile home titled with the Secretary of State is the personal property of the titleholder. MCL 125.2330i. Defendants have no ownership interest in Plaintiff's mobile home. The lot lease grants occupancy of the land only -- it does not convey any interest in the home itself.

43. Forcible Entry and Detainer. Defendants' forcible entry and seizure violates MCL 600.2918, which imposes treble damages for forcible entry and detainer. Defendants drilled locks, removed belongings, and posted a "FREE" sign without any writ of restitution or court order. This is textbook forcible entry. See *Mohr v Hanover Trust Co v Snell*, 142 Mich App 548, 556; 370 NW2d 401 (1985) (self-help eviction constitutes forcible entry and detainer).

44. Failure to Follow Mandatory Eviction Procedures. MCL 600.5714 requires summary proceedings to be initiated by proper complaint, with proper service, before a court with jurisdiction. MCL 125.2312f establishes specific procedures for eviction from manufactured housing communities, including written notice with specific statutory grounds. Defendants bypassed these mandatory requirements entirely, resorting instead to extrajudicial self-help.

45. Dissolved Entity Lacks Standing. The entity that initiated eviction proceedings -- Homes of America, LLC -- is administratively dissolved. Under MCL 450.4802, a dissolved LLC may only take actions to wind up its affairs. Initiating new eviction proceedings exceeds this statutory authority. Any judgment obtained by the dissolved entity acting beyond its winding-up authority is void or voidable. See MCL 450.4802(c).

46. Consumer Protection Act Violations. Defendants have committed multiple violations of the Michigan Consumer Protection Act, MCL 445.903, including operating under multiple undisclosed entity names, presenting irreconcilable financial ledger versions, coercing lease modifications under threat of eviction, and retaliating against habitability complaints.

47. Implied Warranty of Habitability. The implied warranty of habitability under MCL 554.139 cannot be waived by contract. *Trentadue v Gorton*, 479 Mich 378, 382; 737 NW2d 700 (2007). Defendants' EGLE-documented sewage violations (Violation Notice VN-017235) and water shutoff constitute material breaches that undermine any claim of nonpayment of rent.

C. Factor Three: Balance of Equities

48. The balance of equities overwhelmingly favors Plaintiff. Plaintiff stands to lose his home -- his own residence and the home of his minor child. Defendants, by contrast, stand to lose nothing by being restrained from seizing property they do not own.

49. Plaintiff's mobile home is titled in his name. Defendants' property interest extends only to the underlying land. An order preventing Defendants from seizing Plaintiff's mobile home costs Defendants nothing because they never had a lawful right to take it.

50. Defendants are a New Jersey LLC that purchased the park for \$1.4 million. They are a substantial commercial entity with resources to litigate. Plaintiff is a pro se individual litigant with a minor child. The disparity in resources and the vulnerability of a family facing homelessness weigh heavily in Plaintiff's favor.

51. If a TRO is denied and Defendants seize or destroy the mobile home, the harm is irreversible -- the home cannot be un-destroyed, the child cannot be un-displaced. If a TRO is granted and later determined to have been improvidently issued, Defendants suffer no cognizable harm because they have no ownership interest in the mobile home.

D. Factor Four: Public Interest

52. The public interest strongly favors injunctive relief. Michigan's manufactured housing regulatory scheme -- including the Mobile Home Commission Act (MCL 125.2301 et seq.), the Truth in Renting Act (MCL 554.631 et seq.), and the summary proceedings statutes (MCL 600.5701 et seq.) -- exists specifically to protect manufactured housing residents from the precise type of conduct in which Defendants have engaged.

53. The public has a strong interest in ensuring that:

- > (a) *Property owners are not dispossessed of titled assets without due process of law;*
- > (b) *Landlords cannot bypass mandatory statutory eviction procedures through self-help remedies;*
- > (c) *Dissolved entities are not permitted to continue initiating legal proceedings beyond their statutory authority;*
- > (d) *Minor children are not rendered homeless by extrajudicial landlord action; and*

(e) Michigan's comprehensive manufactured housing regulatory framework is respected and enforced.

VII. PRAYER FOR RELIEF

1. GRANT this Emergency Motion for Temporary Restraining Order;
2. ISSUE a Temporary Restraining Order, effective immediately, in the form of the attached Proposed Order prohibiting Defendants and all persons acting in concert with them from seizing, moving, entering, damaging, disposing of, or interfering with Plaintiff's mobile home (1970 Marlette, VIN 1646732) and from shutting off utilities or retaliating against Plaintiff;
3. SCHEDULE a hearing on Plaintiff's request for Preliminary Injunction within fourteen (14) days of entry of the TRO, as required by MCR 3.310(B)(2);
4. CONVERT the Temporary Restraining Order into a Preliminary Injunction following the hearing, maintaining all prohibitions for the duration of this litigation;
5. DETERMINE that no bond is required because Defendants possess no ownership interest in Plaintiff's mobile home and face no risk of loss from the injunction, or, in the alternative, set a nominal bond amount;
6. AWARD Plaintiff his costs incurred in bringing this Emergency Motion; and
7. GRANT such other and further relief as this Court deems just and equitable.

VERIFICATION

I, Andrew James Pigors, declare under the penalty of perjury pursuant to MCL 600.1541 and 28 U.S.C. 1746 that the following statements are true and correct:

1. I am the Plaintiff in the above-captioned action and make this verification based upon my personal knowledge.
2. I am the titled owner of a 1970 Marlette mobile home, VIN 1646732, located at Lot 17, 1977 Whiteh Road, North Muskegon, Michigan 49445. The certificate of title is registered in my name with the Michigan Secretary of State.
3. On or about July 17, 2025, persons acting on behalf of Defendants drilled the locks on my mobile home, forcibly removed my personal belongings from the residence, and posted a sign marked "FREE" on my home inviting members of the public to take my property. No court order or other lawful process authorized these actions.
4. On or about July 3, 2025, two unidentified individuals attempted to break into my home. I believe these individuals were acting at the direction of or with the knowledge of Defendants' management.
5. On or about May 20, 2025, Defendants shut off the water supply to my lot while my minor child, L.D.V. was present in the home.
6. Defendants communicated an offer to purchase my mobile home for \$750 on the condition that I waive my legal rights. I have not accepted this offer.
7. Defendants billed me \$7,633.13 for purported "lot rent" in a statement dated July 22, 2025 -- five days after the forced removal of my belongings from my home.
8. On March 26, 2024, park manager Kim Davis told me words to the effect of "sign or be evicted," coercing me into signing a new lease with Cricklewood MHP LLC at a substantially higher rent.
9. I have in my possession or have observed at least three different ledger versions for my account that show irreconcilable balances, including one showing a credit in my favor.
10. I fear that Defendants will again attempt to seize, move, destroy, or dispose of my mobile home and my personal property if this Court does not intervene.
11. The facts stated in the foregoing Emergency Motion are true and correct to the best of my knowledge, information, and belief.

I declare under the penalties of perjury that the statements above are true and correct.
