Honorable Kenneth S. Hoopes

v.

Shady Oaks MHP LLC, Homes of America LLC, Aldan Global Capital LLC, Defendants

PLAINTIFF'S STRATEGIC COVER BRIEF

Plaintiff submits this brief to clarify and emphasize the importance of judicial notice and admissibility of the attached exhibits and evidence. Judicial notice will streamline the judicial process, conserving resources by conclusively establishing incontrovertible facts and official public records, directly addressing key issues of entity fraud, environmental violations, and improper eviction practices.

Judicial Notice & Admissibility

Plaintiff specifically requests judicial notice under MRE 201 of official government records from LARA and EGLE, clearly demonstrating: - Shady Oaks MHP LLC's forfeiture status (inactive since January 21, 2024). - Defendants' documented EGLE violations (VN-017235).

Plaintiff further requests judicial notice of Defendants' deliberate failure to credit payments from True North Community Services (\$2,054.80) and Karen Rettig (\$1,300.26), reflecting deliberate and fraudulent debt inflation.

Importance of Amended Evidence

The newly submitted evidence (Exhibits H, I, and J) demonstrates an intentional pattern of deceptive financial practices, illegal rent increases, and environmental negligence. Admitting this evidence as judicially noticed facts will avoid unnecessary litigation of established and authenticated facts, aiding the Court in swiftly adjudicating the Plaintiff's legitimate claims.

Preservation for Appellate Review

Plaintiff explicitly preserves all objections and evidentiary claims, particularly regarding admissibility, authenticity, and foundational requirements under MRE 103, ensuring full appellate protection of Plaintiff's rights.

Respectfully submitted this ____ day of ____, 2025.
