Dear Parents:

It is ordered by the Court that you attend a Facilitative Information Gathering (FIG) Conference with Heather Casperson, LMSW, ACSW, (616) 951-4092. During this time a temporary order will be formulated for custody, parenting time, and child support. If you would like to learn more, please view "What is a Conciliation Conference?" at the Family Court website, <https://www.youtube.com/user/muskegoncountyfc>.

Attached is your Order which states the date and time of your Facilitative Information Gathering Conference appointment. You have been scheduled separately. Legal counsel may participate in this conference. The conference will last approximately 30 minutes. **DO NOT** have children or other third parties present. Due to time constraints, you may not change the day or time of this appointment.

Please complete the enclosed documents and submit them prior to your conference along with a copy of your most recent income tax return, four most recent pay stubs, health insurance card, and driver's license. If income information is not provided, be advised that your income may be imputed by the Court. In other words, the Court may attribute/assign to you an income amount that it feels you could be earning. You may submit them electronically to imaging@muskegoncounty.net, place them in our drop box outside the County Building, or drop them off at our office during regular business hours. **All documents must be in PDF format and legible or else will be rejected.**

Sincerely,
Family Court Services

Virtual Hearing Rules

You must make sure you have the equipment and internet or phone lines needed for a successful hearing.

This is a court mediation. Please dress like and act as if you are physically in the conference room. The Family Counselor has full power over individuals as if they were present in the physical conference room.

Make sure you have a good WiFi connection or a good LTE mobile data plan. (Note: Using mobile data can be expensive if you do not have unlimited data. This cost will not be reimbursed by the court.)

Make sure you are in a private and quiet room that will be free of interruptions and has good lighting (Outdoor, car, or public places are not permitted.) Put your mobile devices on a solid surface with the camera at eye level. Do not hold mobile devices in your hand and do not lay phones or tablets flat on a desk or table.

Take time prior to the call to become familiar with the controls and test the mic and speaker controls. Directions for testing your device and networking prior to the proceeding can be found at:

<https://support.zoom.us/hc/en-us/articles/201362313-How-Do-I-Test-My-Video->

Technical Assistance- The court **does not provide technical assistance** for testing or troubleshooting. Also, there will not be time during court proceedings to troubleshoot issues. Make sure your connection works, **BEFORE** your court date. If you are having TECHNICAL issues with your equipment you should review the Zoom training and support materials at: <https://www.zoom.us/>. Please understand that Zoom is not the court and will not know anything about your court case or legal issues.

If the quality of the video is not acceptable, the court will end the call.

Zoom Hearing Rules- The same rules apply in a Zoom hearing, as if in an actual courtroom. Therefore, pursuant to **MCR 8.115**, no one may use a portable electronic device to take photographs or for audio or video recording, broadcasting, or live streaming unless that use is specifically allowed by the Judge presiding over the hearing.
