To: "Shady Oaks Park MHP, LLC" <Shadyoaks@ourhomesofamerica.com>

I hope this email finds you well. I am reaching out to formally bring to your attention a **persistent sewage issue** at **Shady Oaks Park MHP LLC**, specifically concerning **Lot 21**, located directly across from my residence (**Lot 17**).

📌 ISSUE SUMMARY:

- The area around **Lot 21** has been **continuously emitting sewage**, creating both a **health concern** and an **environmental hazard**.
- This issue was **previously reported to Kim in March 2024**, at which time we were **informed that the matter had been resolved**.
- However, as of **March 7, 2025**, the issue appears to be ongoing.

📌 REQUEST FOR RESOLUTION:

I understand that unforeseen maintenance issues can arise, and I appreciate the efforts that management has made in the past to address concerns. That said, given the potential health risks and impact on the community, I kindly request that this matter be revisited and properly resolved.

📌 NEXT STEPS:

I would appreciate a **written response within 48 hours (by March 9, 2025)** regarding the planned course of action. If a work order has already been issued or a repair is scheduled, please let me know so that I can update my records accordingly.

I value open communication and trust that Shady Oaks will take appropriate action to resolve this matter. Please let me know if there is anything I can do to assist in addressing this issue.

Thank you for your time and prompt attention to this matter.

Sincerely,

Andrew Pigors

Lot 17
