

5. Plaintiff has filed a Verified Complaint and Motion for Preliminary Injunction in this Court, currently pending, with a hearing set for August 12, 2025. Executing the writ before that hearing would deny Plaintiff the ability to litigate those claims.

III. PLAINTIFF IS A HOMEOWNER, NOT A TRADITIONAL TENANT

6. Plaintiff is the lawful titleholder to his manufactured home. He owns the structure and merely leases the underlying lot. Enforcement of the writ would effectively destroy or render abandoned his titled property—without any legal proceeding addressing ownership, relocation, or compensation.

IV. VIOLATION OF PRIOR COURT FINDINGS + LEDGER FRAUD

7. At a civil disposition hearing, the District Court judge stated on the record that Plaintiff's account was paid in full through December 2024.
8. Despite this directive, Defendant failed to provide a full ledger, then submitted a truncated document beginning January 2025 falsely alleging over \$2,500 in arrears.
9. Plaintiff's online rent portal access was removed, and all payment history from October 2023 to January 2025 was erased.
10. Plaintiff has paid over \$3,300.00 in 2025 alone, including:
 - A check from Karen Rettig, cashed by Partridge Securities in the name of Shady Oaks Park MHP, LLC;
 - A TRUE NORTH payment of \$2,056.00;
 - Additional personal payments, all missing from the ledger.

V. FRAUDULENT FEES + UTILITY ABUSE

11. The ledger contains unlawful sewer, water, and trash charges, including:
 - Sewer fees charged during an active EGLE-confirmed sewage leak,
 - Water shutoffs executed without notice during parenting time,
 - Infrastructure billed while unusable, violating MCL 554.139.
