SUBJECT OF COMPLAINT

Judge: Hon. Jenny L. McNeill

Court: 14th Judicial Circuit Court – Muskegon County

NATURE OF THE COMPLAINT

1. Judge McNeill has presided over both the original PPO proceeding (Case No. 2023-5907-PP) and the subsequent custody matter (Case No. 2024-001507-DC), creating an appearance of bias and improper consolidation of unrelated matters.
2. The Court has continued to enforce PPO violations that occurred during lawful parenting exchanges and authorized communications under AppClose.
3. The Court allowed repeated contempt proceedings based on insufficient and improperly served documents, violating due process protections under the Fourteenth Amendment.
4. The Judge has failed to hold Petitioner accountable for multiple violations of court-ordered parenting time and appears to have disregarded evidence of weaponized PPO filings designed to obstruct Respondent's parental rights.
5. The Judge has permitted or facilitated legal proceedings that appear retaliatory or biased against Respondent, despite clear procedural defects, inconsistent applications of MCR 2.107, 3.707, and MCL 722.27a.

REQUESTED ACTION

Complainant requests that the Judicial Tenure Commission investigate Judge McNeill's conduct, including her handling of the PPO and custody cases, her response to service

irregularities, and her facilitation of what appears to be systemic abuse of judicial discretion to interfere with custody rights.

Respectfully submitted,

/s/ Andrew J. Pigors
