

STATE OF MICHIGAN

IN THE 14TH CIRCUIT COURT FOR THE COUNTY OF MUSKEGON

FAMILY DIVISION

Case No. 2024-001507-DC

Hon. Jenny McNeill

ANDREW J. PIGORS,

Plaintiff,

v.

EMILY ANN WATSON,

Defendant.

MOTION FOR CHANGE IN CUSTODY

NOW COMES Plaintiff, Andrew J. Pigors, in propria persona, and respectfully moves this Honorable Court to modify the current custody order regarding his son, Lincoln David Watson. In support of this motion, Plaintiff states as follows:

1. Plaintiff's Background and Intentions:

I am the father of Lincoln David Watson, born on November 9, 2022. I have been actively involved in his life since birth, providing a stable, loving, and nurturing environment. My primary concern has always been and remains the well-being of my son.

I seek a modification to the current custody arrangement to establish joint legal and physical custody, as I believe that this arrangement will best serve Lincoln's interests, allowing him to benefit from the love and guidance of both parents equally.

2. Changes in Circumstances:

Since the original custody order was entered, there have been significant changes in circumstances. I have secured stable employment as a Material Handler at Shape Corp, which provides me with the financial stability needed to support Lincoln adequately.

I reside in a suitable home at 1977 Whitehall Rd, Trlr 17, Muskegon, MI 49445. This residence has been renovated to provide Lincoln with a safe and nurturing environment. Lincoln has his own room, which is equipped with educational toys, books, and space conducive to his development. This home environment fosters his growth, both physically and emotionally.

3. Concerns Regarding the Current Custody Arrangement:

Under the current order, my parenting time was reduced from 182.5 days per year to just 79 days. This reduction is not in Lincoln's best interests and negatively impacts his emotional and developmental needs.

There have been ongoing issues with communication between myself and Lincoln's mother, Emily Watson, particularly regarding important decisions affecting Lincoln's welfare. For example, vaccinations were administered without my consent or knowledge during a period when custody was supposed to be shared equally.

Furthermore, Lincoln has often arrived at my home improperly dressed and in poor condition, raising concerns about the level of care he is receiving when in his mother's custody.

4. Best Interests of the Child:

The Michigan Child Custody Act (MCL 722.23) outlines 12 factors that the Court must consider when determining the best interests of the child. I will address each factor in detail in the accompanying brief, demonstrating that a joint custody arrangement would best serve Lincoln's interests.

WHEREFORE, Plaintiff respectfully requests that this Honorable Court modify the current custody

order to grant joint legal and physical custody of Lincoln David Watson to both parents, with a fair and equitable parenting time schedule that better reflects his needs and promotes his well-being.

Dated: August 24, 2024

Respectfully submitted,

Andrew J. Pigors
