## AUTHENTICATION

I, Andrew James Pigors, hereby certify that the foregoing Interference Incident Log was compiled from records contained in the litigation database (`litigation_context.db`) maintained in connection with this case. Each incident entry references its source table and record identifier, allowing independent verification of each entry against the underlying evidence files.

This compilation was generated programmatically to ensure accuracy and completeness. No incidents were fabricated or embellished. All entries trace to documented court filings, transcripts, communications, or sworn declarations already part of the case record.
